A diagram of a 1D lattice with 10 sites. The lattice is divided into three regions: the left half (sites 1-4) is white, the right half (sites 5-9) is light gray, and the rightmost site (site 10) is yellow. Each site is represented by a vertical dashed line and two horizontal solid lines. The top horizontal line has a black circle at each site, and the bottom horizontal line has a white circle at each site. The circles are labeled with '0'.
